Profile

Passionate Full Stack Developer with 4 years of experience in designing and developing high-performance web applications. Specialized in React.js, Laravel, MySQL, Node.js/Express, Next.js, and MongoDB, I've contributed to a variety of projects ranging from freelance work to fast-growing startups. Known for my ability to solve problems efficiently and communicate clearly within teams, I am eager to bring my skills to an ambitious company and actively contribute to its growth.

Technical Skills

Programming Languages: JavaScript, TypeScript, SQL, Python

Frameworks & Libraries: React.js, Next.js, Laravel, Node.js, Express.js

Databases: MySQL, MongoDB

Tools & Environments: Git, GitHub, VS Code, Postman, Vercel, npm, Linux shell

Methodologies & Concepts: REST APIs, JWT Auth, Agile Methodology, MVC, Responsive Design

Dev Experience

Full Stack Developer & Scrum Master – Esmartlearning

Freelance | Dec. 2024 – Jul. 2025

- Project planning, budgeting, and coordination of agile sprints
- UI/UX design with Figma
- Developed a REST API with Laravel for user and test management
- Integrated front-end with React.js and Material UI
- Deployed the platform on Vercel and handled maintenance
  - Result: Deployed a fully functional platform from scratch

Front-End Developer – Interstation Connect

Startup | Aug 2024 – Dec. 2025

- Developed UI with React.js and Material UI
- Implemented full UI based on provided designs
- Deployed the app on Vercel and ensured maintenance
- Result: Successfully launched a new operational platform

Front-End Developer – UWACO

Fixed-term contract | Jul. 2023 – Nov. 2023

- Designed and integrated Angular UI for a vehicle tracking application
- Optimized image and asset caching for better performance
- Implemented a video replay system based on live vehicle data
- Impact: Reduced load time by 40% through query optimization

Web Developer & Designer – Digital Investment

Fixed-term contract | Nov. 2021 – Aug 2022

- Designed and developed dynamic showcase websites with WordPress
- Created marketing visuals (banners, flyers) with Adobe Photoshop
- Impact: Modernized and improved UX for various client websites

Personal Projects
